

balance

— FAT & SUGARS —

Proper digestion of fats and sugars can create energy and support many essential body functions. OneBodē™ Balance contains effective nutrients to support the control of blood sugar levels and promote the digestion of fats.

With the excessive availability of processed fats and refined sugars in today's food choices, this formula is a sensible solution to combat their degenerative effects. This advanced formulation incorporates the benefits of lipase, a systemic vegetarian-friendly enzyme with sugar balancing minerals and herbs. **

Suggested Uses

- Control sugar cravings & mood swings **
- Balance blood sugar levels & maintain consistent energy throughout the day **
- Support the production of good cholesterol (HDL) & reduction of bad cholesterol (LDL) **
- Improve blood circulation & pressure **
- Normalizes triglyceride levels **
- Digest fats for usage; don't store it **

Recommended Use

To help digest fats and processed sugars, take 1 to 3 capsules with meals. To help cleanse the blood of fats and sugars, take 1 to 3 capsules between meals or as recommended by a health professional.
